

A smiling man with a beard, wearing a white long-sleeved shirt, is sitting on a light-colored couch. He is looking at a laptop screen and has his hands on the keyboard. The background is a bright, modern living room with a white bookshelf and a lamp.

Interactive Online Ph.D.

- Interactive Online Education
- The possibility to enroll anytime
- A wide variety of specializations
- Self-paced degree programs

Study online for your success without borders or limits

www.ligsuniversity.com

It is our pleasure to welcome you to LIGS University – a modern university combining practical methods and innovative approaches of the American and European system of education. Our university came into existence by merging the American and the European LIGS University and has a long tradition of providing Interactive Online

education. We are very pleased that we help meeting our students' expectations, namely that the MBA, MSc, DBA and Ph.D. programs provide them with new knowledge and skills needed to become even better managers and professionals.

LIGS University helps its graduates develop their critical abilities and thus gives them an advantage in the labor market. We have an experienced faculty, who leads and assists students in all courses, provides them with valuable feedback and consultations, and encourages them to pursue the highest goals.

At LIGS University we are very proud of our faculty/lecturers, who are all experts in the field of Management and Business Administration. Thanks to them, the feedback and discussions are truly beneficial for the future career and personal growth of our students. Because of this the graduates value our programs highly.

We are aware that a vast majority of our students are career students who choose to study while working full-time. It's hard to combine demanding work with studies, family life and other interests. Therefore LIGS University strives to provide its students with flexible support and all information necessary to focus solely on studying.

In the course of their studies, students have an opportunity to attend a language course combined with a trip to Hawaii. Upon successful completion of the program, the graduates earn a degree and receive a degree certificate issued by the LIGS University.

We would be very glad to introduce you to the degree programs at LIGS University and answer all of your questions in person or on a video-call. We are convinced choosing LIGS University for your studies will help you in your further professional and personal growth.

Dr. Pavel Makovsky
President
LIGS University

About LIGS University

LIGS University is a modern university combining effective methods and innovative approaches of the American and European system of education. The university came into existence by merging the American and the European LIGS University, and has a long tradition of providing Interactive Online education.

Why should I choose LIGS University?

- All our classes are 100% online and self-paced.
- You have a choice from a variety of specializations in all programs.
- One-on-one approach to tutoring
- Lecturers of LIGS University are professionals and specialists in their field, and because of this, the knowledge they use to communicate to students is based on real-world experience.
- Programs are suitable for busy students.
- Programs are focused on practice.
- You can start your studies anytime all year long.

Mission, vision and strategy

MISSION

LIGS University mission is to provide quality and advanced interactive online education to students from around the world at a favorable price.

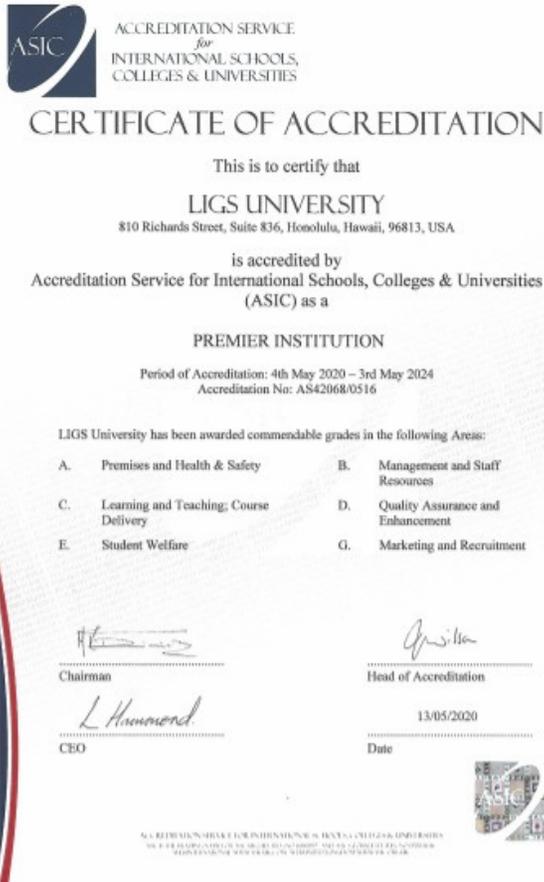

VISION

LIGS University vision is to be a high-quality and innovative institution of higher education with services, attitude, and service beyond the expectations of students, lecturers and staff. Vision of LIGS University is focused on the following objectives:

- Leadership - we're leaders in the interactive online education
- Innovation - we have innovative approach
- Growth - we support personal growth
- Success - we help to succeed

Accreditation

The LIGS University is accredited by Accreditation Service for International Schools, Colleges and Universities (ASIC). The University has earned Premier status with ASIC for its commendable areas of operation. ASIC accreditation helps students and parents make a more informed choice and will also help a school, college, university, training provider or distance education provider, demonstrate to the international student body that they are a high quality institution. ASIC is recognised by UKVI in UK, is a member of the CHEA International Quality Group (CIQG) in USA

and is listed in their International Directory, is a member of the BQF (British Quality Foundation) and are institutional members of EDEN (European Distance and E-Learning Network). LIGS UNIVERSITY IS NOT ACCREDITED BY AN ACCREDITING AGENCY RECOGNIZED BY THE UNITED STATES SECRETARY OF EDUCATION

US Accreditation Disclosure

Due to the differences in American and other systems of higher education and in accordance with the requirements of the laws of the State of Hawaii we need to inform you that

LIGS UNIVERSITY IS NOT ACCREDITED BY AN ACCREDITING AGENCY RECOGNIZED BY THE UNITED STATES SECRETARY OF EDUCATION.

Note: In the United States, many licensing authorities require accredited degrees as the basis for eligibility for licensing. In some cases, accredited colleges may not accept for transfer courses and degrees completed at unaccredited colleges, and some employers may require an accredited degree as a basis for eligibility for employment.

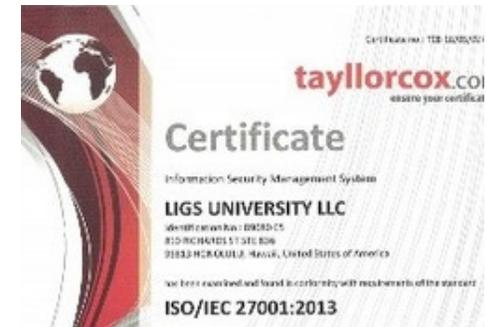

Certification

LIGS University also holds the ISO / IEC 9001 Quality Management System Certificate, emphasizing higher credibility through an internationally recognized audited certificate.

LIGS University holds an ISO/IEC 27001 certificate, an internationally recognized standard defining requirement for the information security of management

of employees, processes, IT systems and company strategies. Additionally, it ensures compliance with current legislative requirements (especially the protection of personal data). ISO 27001 enforces the building of a solid information management system, provides greater security and reduces the risk of sensitive information leakage.

LIGS University also holds the ISO 29990:2010 certificate, which endorses the fact that we comply with, and continuously improve, the quality of our learning services to the full extent.

We are so proud that the community of students at LIGS University is diverse and truly international – the students are located in the USA as well as many other countries in the world. We believe it is a proof of the high quality and excellent service provided to all students.

Interactive Online Ph.D.

Ph.D. program represents the highest level of education and is intended primarily for those who are interested to pursue theoretical and research career and wish to know how to examine, verify or refute hypotheses and thereby enrich scientific research in particular specialization.
